

COLORI STRUTTURA - Structure colors

Pannelli nobilitato sp. 18 mm IDROREPELENTE classe E1 (materiale atossico a bassa emissione forma aldeide).

La modularità degli elementi della produzione VISMAR permette in tutti i modelli la scelta del colore della struttura tra le disponibili. Nei modelli laccati ed in quelli in legno è possibile personalizzare nello stesso colore e finitura della porta i fianchi a vista, i quali vengono sostituiti ai fianchi in nobilitato e non aggiunti così da far rimanere invariate le misure di ingombro degli elementi. Nello stesso colore della struttura, sono disponibili tutte le finiture come mensole, schienali, piani, alzatine e zoccoli.

Melanine - faced panels 18 mm depth water - repellent class E1 (non - toxic material low - release).

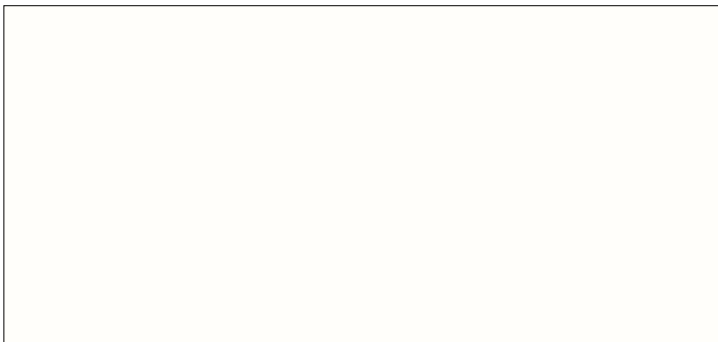

The modularity of the elements produced by VISMAR allows you to choose amongst the carcass colours available for all models. For lacquered and wood models it is possible to personalise the end panels so that they match the colour and finish of the doors. In this case the end panels replace the melanine - faced ones so that the overall dimensions of the elements remain unvaried. All shelves, splashbacks, tops, upstand and plinths are available in the same carcass colour.

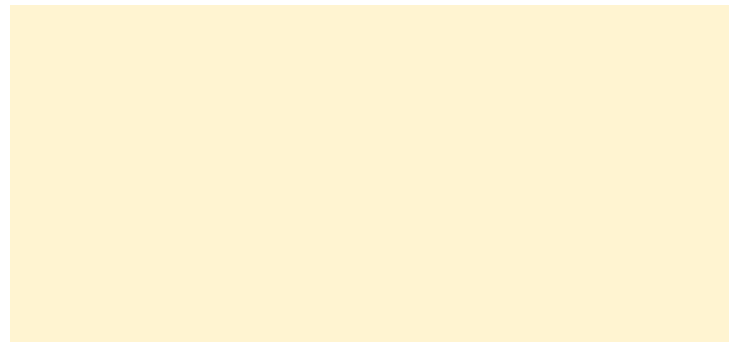

Opz. 09 Noce Scuro Dark Walnut

Opz. 07 Castagno Chest nut

Opz. 03 Bianco White

Opz. 08 Panna White cream

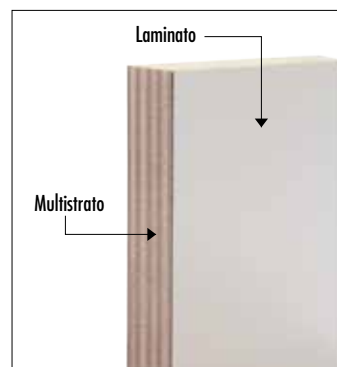

Opz. 10 Decapé corda Rope decapé

A richiesta sono anche disponibili le seguenti strutture:

Listellare
Battenboard

Multistrato placcato Laminato
Plated laminate plywood
